760a VARIANTE MASO NARANCH TRAIL

GARDA
TRENTINO

Design and cartography 2024 | max2.at

MTB Long, challenging trail that only experts will enjoy. From Santa Barbara you start off briefly on the flat, then the adrenaline kicks in on a steep, technically demanding stretch interspersed with fast sections. At the eponymous farmstead (with refreshments) you can either leave the trail, or tackle the second part of the route, which is similar to the first.
